PROGRAMMATIC, FISCAL, AND REPORTING ASSURANCES

The United States Department of Education (USED) has approved the application from the State of Alabama for ESSER funds under the CARES Act. The availability of funds is from 4/29/2020 to 4/29/2021. LEAs will be allowed to expend funds until 9/30/2022. Pre-award costs to the ESSER fund will be allowed for allowable cost incurred on or after March 13, 2020.

2. Allowable Service(s) Assurance

The LEA Superintendent or his/her authorized representative assures or certifies that:
 The LEA will use ESSER funds for activities allowable under section 18003(d) of Division B of the CARES Act. The United States Department of Education **does not** consider the following to be an allowable use of ESSER funds, under any part of 18003: 1) subsidizing or offsetting executive salaries and benefits of individuals who are not employees of the SEA or LEAs or 2) expenditures related to state or local teacher or faculty unions or associations.

How will the LEA determine the most important educational needs as a result of COVID-19?

The district leadership team will review the district's needs assessment, recent parent surveys, district technology plan, and local expenditure due to Covid 19 and prioritize expenditures with CARES Funds. The team's goal is to provide services to students in a timely manner that meet the various student needs caused by the pandemic. Based on the data, the leadership team will determine internet access and the availability students have to technology. The data will determine which method of delivery each family may need while offering various delivery options. The local expenditures for the schools and the district will be reviewed in order to assure all federal and state guidelines for reopening schools are being followed. The needs assessment revealed a need for Interventionist, additional custodians, health aides, equipment for graduation, substitutes for teachers being out with Covid, hotspots for quarantined students, instructional technology supplies and labor, software license, technology equipment (for outside activities), building alterations and maintenance for plexiglass, custodial supplies for cleaning, custodian equipment, equipment, dues for live streaming and indirect cost.

How does the LEA intend to assess and address student learning gaps resulting from the disruption in educational services?

At the beginning of the 2020-2021 school year, all students will be given a grade-level screener and/or assessment. The screener will be used to determine if learning gaps are present due to the pandemic. All students will be provided appropriate remediation and instruction.
